

Environmental Policy Statement

EFFECTIVE: January 2021

The Hudson County Latino Foundation (“the Foundation”) is committed to protecting natural resources, promoting environmental stewardship, and implementing sustainable business practices. While somewhat limited in the actions we can take as tenants in a commercial building, we have established several measures with which we can preserve our natural resources and seek to prevent pollution.

In an effort to maintain a leadership role in protecting the environment, we continually strive to improve technology and environmental performance. All our people are responsible for pollution prevention, resource conservation, and compliance with applicable environmental laws and regulations.

1. We will promote the use of clean fuels in our vehicles, taking into consideration emerging regulatory requirements, cost-effective technologies and the engagement of sound business opportunities.
2. We will monitor the use of electricity, fuel, and water at our facilities and seek opportunities to conserve their use. We will strive to improve the fuel efficiency of our vehicles through preventive maintenance, technology applications and fuel conservation practices.
3. We will reduce waste through source reduction, reuse, and cost-effective recycling. We will seek opportunities to purchase recycled and recyclable products of acceptable quality. We will responsibly dispose of waste remaining from our business and operations.
